## Kingstown, St. Vincent

St. Vincent is a volcanic island, and the largest in the chain of islands called St. Vincent & the Grenadines. The territory was disputed between France & the United Kingdom, until it ceded with the British in 1783. Independence was gained October 27, 1979. The people of St. Vincent are called Vincentians. St. Vincent is 18 miles long and 11 miles wide, located 100 miles west of Barbados. It is dominated by a 4,048-foot active volcano called La Soufriere, which erupted violently in 1812, 1902, 1971, & 1979. Due to the volcanic terrain, St. Vincent is one of the few places on earth that has both black sand as well as white sand beaches in the same country.

## MOONRISE KINGDOM

in the Wajang Theater, 7

Bruce Willis, Edward Norton, Bill Murray  
Rated PG-13; 94 minutes; 2012

Set on an island off the coast of New England in the summer of 1965, this film tells the story of two twelve-year-olds who fall in love, make a secret pact, and run away together into the wilderness. As various authorities try to hunt them down, a violent storm is brewing off-shore -- and the peaceful island community is turned upside down in more ways than anyone can handle.
