Dedication

The horrors of the war are over. Victory has been achieved and we of the class of 1946, unlike the six classes before us, are graduating into a world at peace. The six war years have left many pictures in our minds. We remember the air-raid drills, the scrap collections, the war stamp drives. More vividly we remembr our classmates and our friends leaving for the services. The empty chairs and the scarcity of boys are still fresh in our memory, but today victory has altered the scene.

To a swell girl
and a very good friend.
See you next year
Ruth Doak
("48")

The scrap drives are history, the bells mark only the end of classes, and, most important, our men are returning. They have traded K rations for P. G. books and have renewed old friendships. It is to them, our returned veterans, and especially to the memory of those who will never return, that this book is dedicated, for it is only through them and ten million like them that we can have a Taleoken and a Ken-Hi. Perhaps this book will convey a little of the thanks in our hearts. No book could express it all.

Best wishes to you and
I hope you can get who

Creed

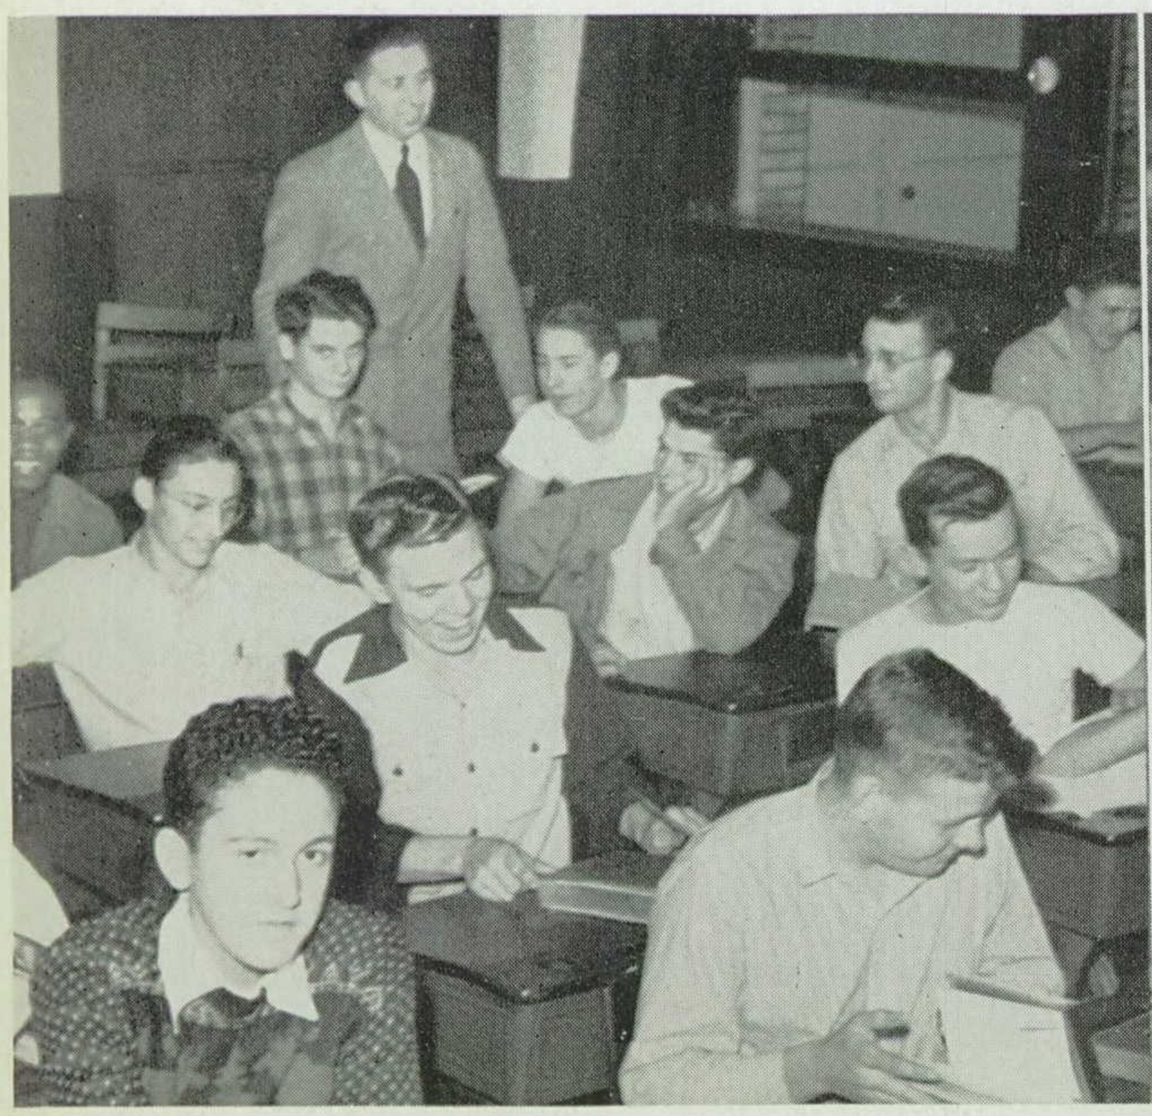

I believe in honest work, in generous comradeship, in the courage of high convictions. I believe in the inspiration that comes from contact with all that is truest and best, in books, in people, in life. I believe in loyalty to our high school, the fostering mother of these ideals, and I pledge her my allegiance in all her undertakings; in all that will make her a stronger and better school.

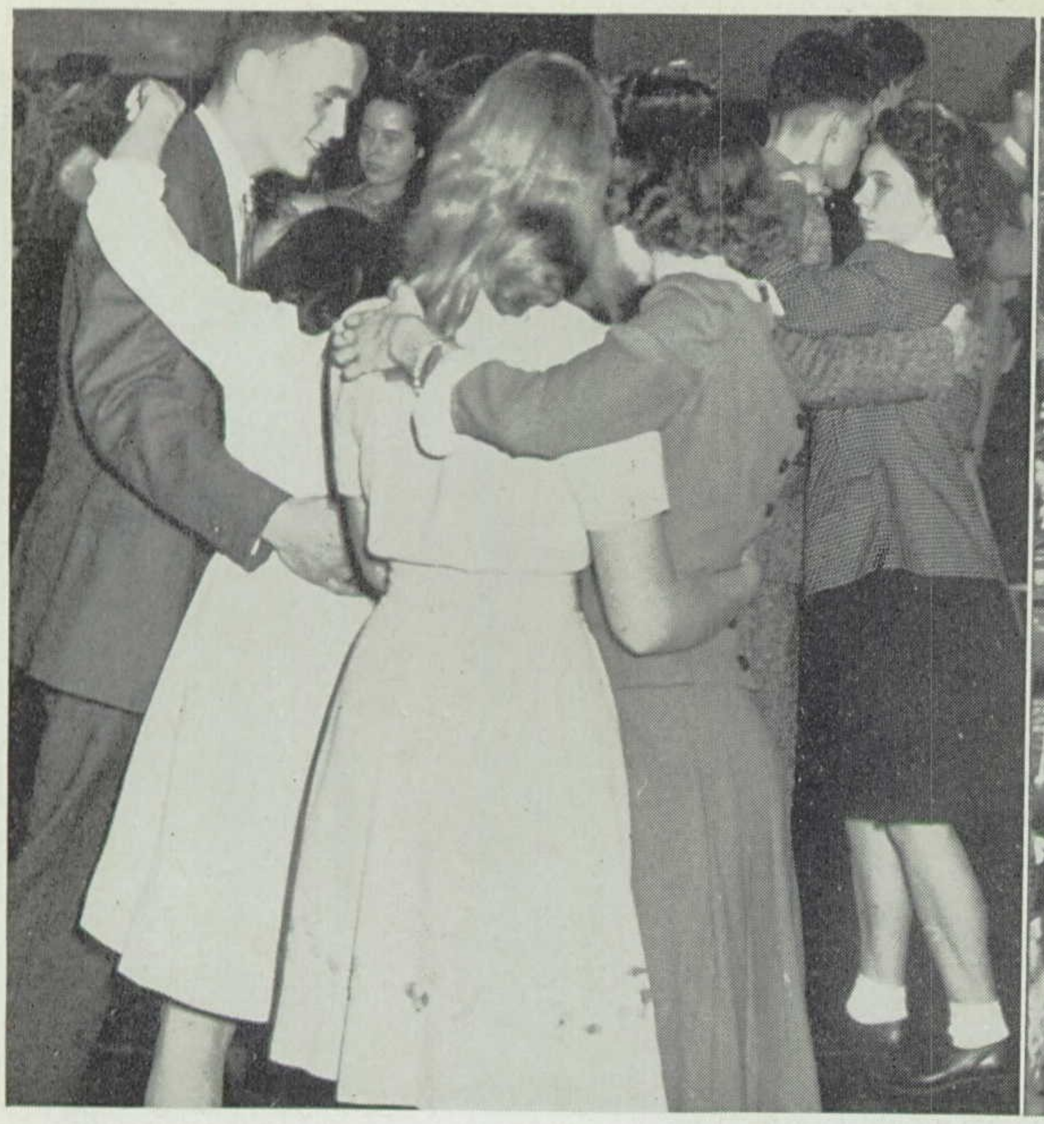

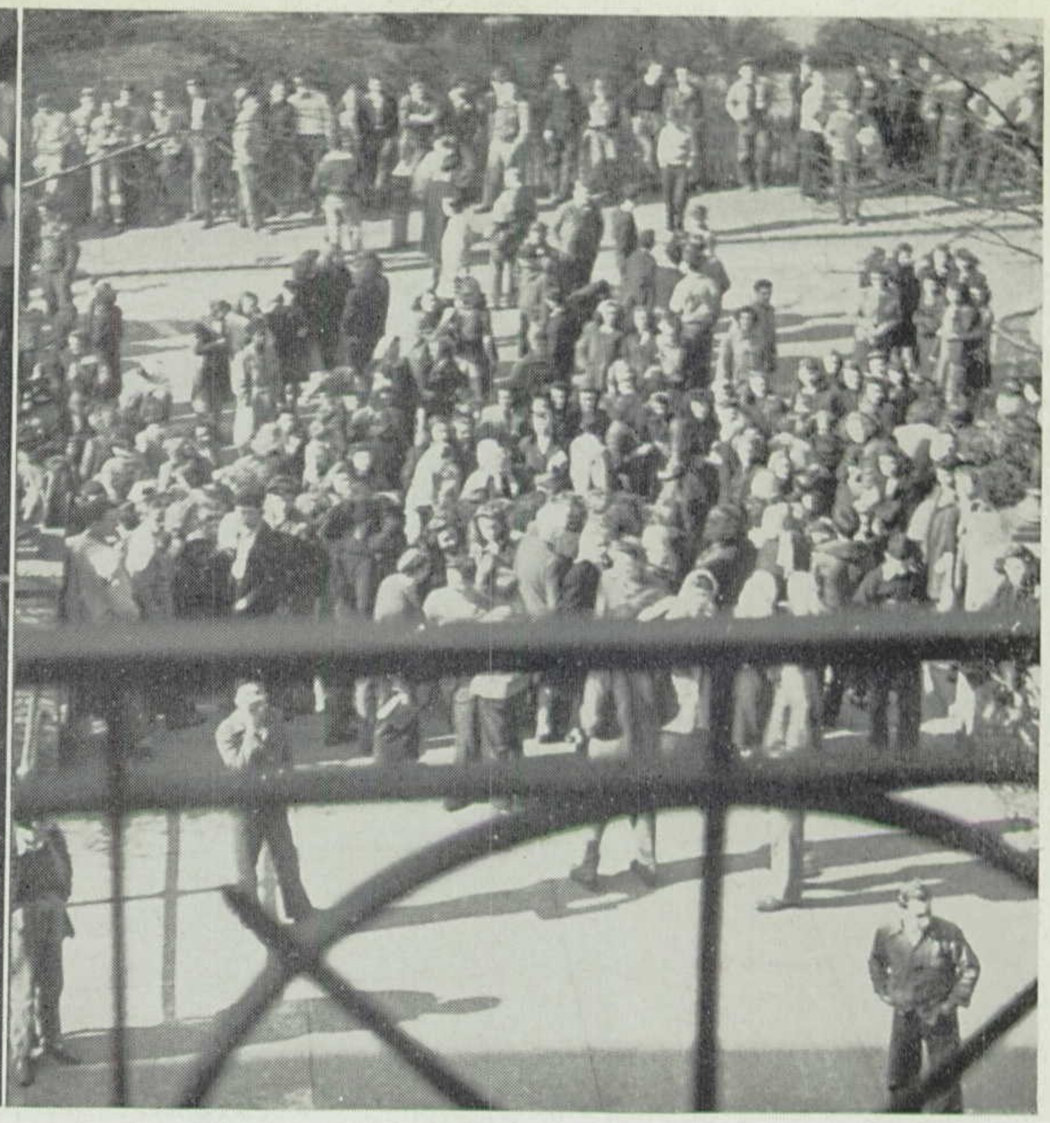

"I believe in the inspiration that comes from

We believe that every student should find a worthwhile ideal in the creed of Ken Hi. The class of '46 has exemplified the ideal of honest work as evidenced by the high scholastic achievements of many members, by its excellent record in the sale of war bonds and stamps, and by hours of after school work in extra curricular fields. School organizations and clubs have provided a means of promoting generous companionship and lasting friendship. With saddened hearts the class of '46 remembers the service flag with its gold stars, a mute reminder of those who, with the courage of high convictions, gave their lives.

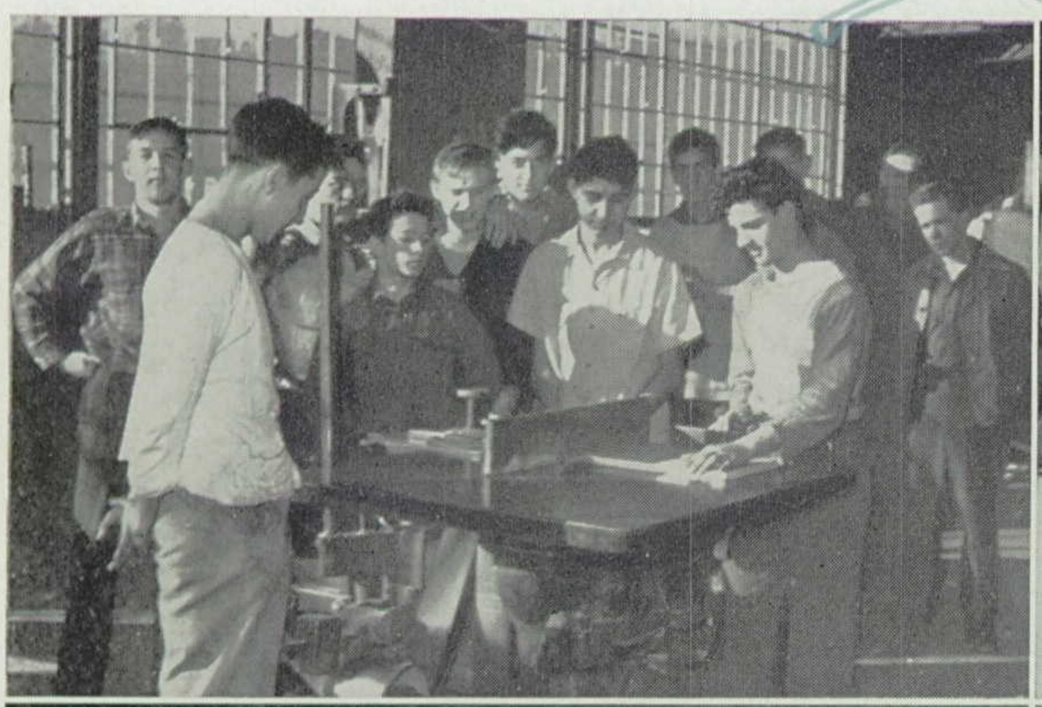

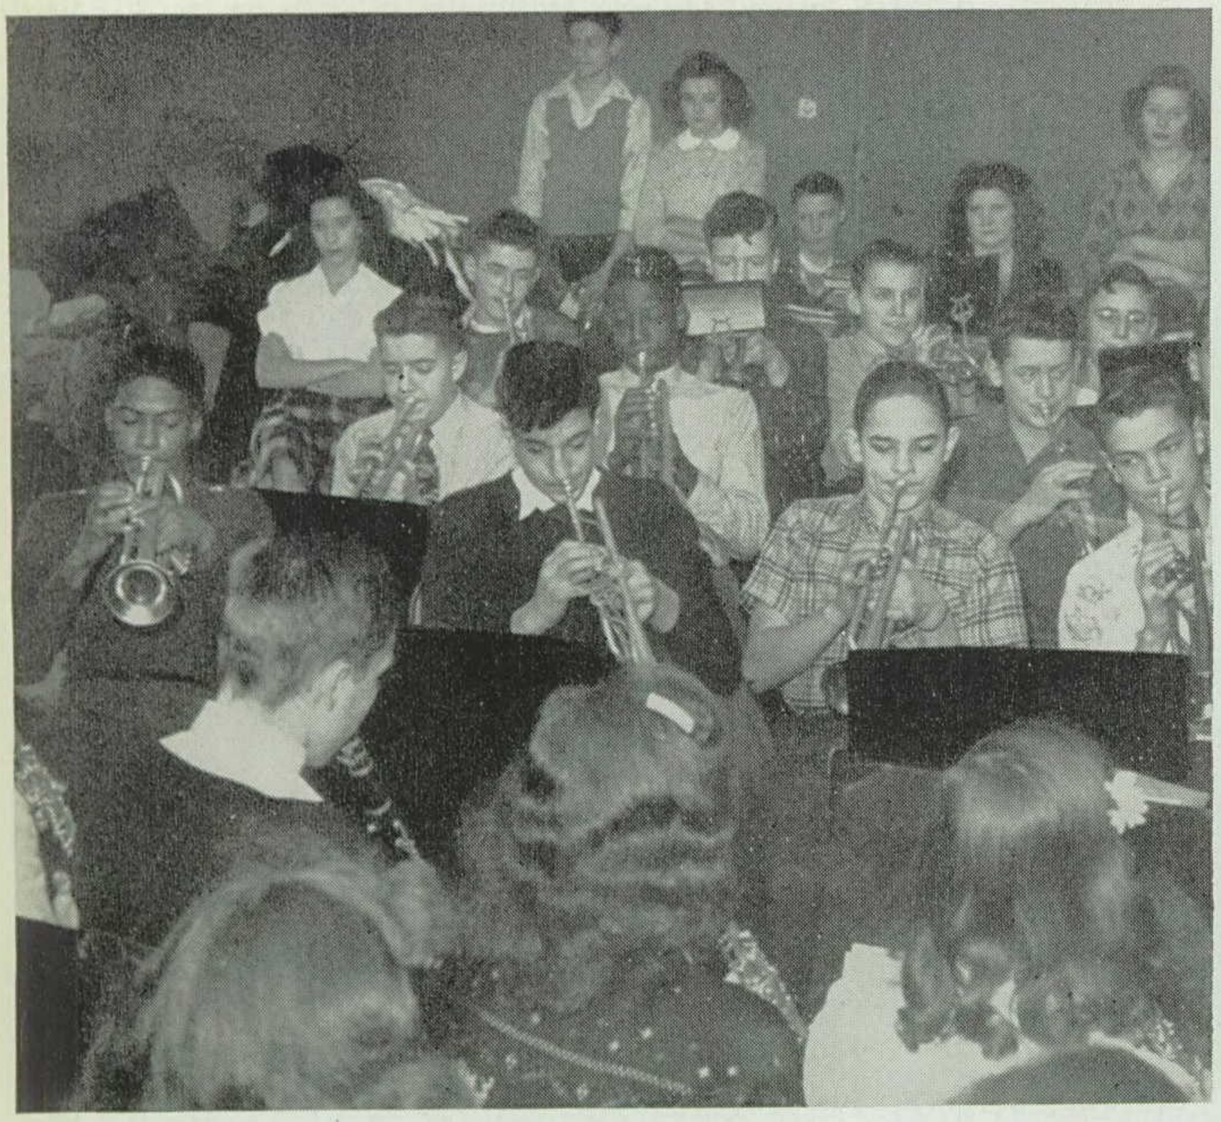

contact with all that is truest and best in books."

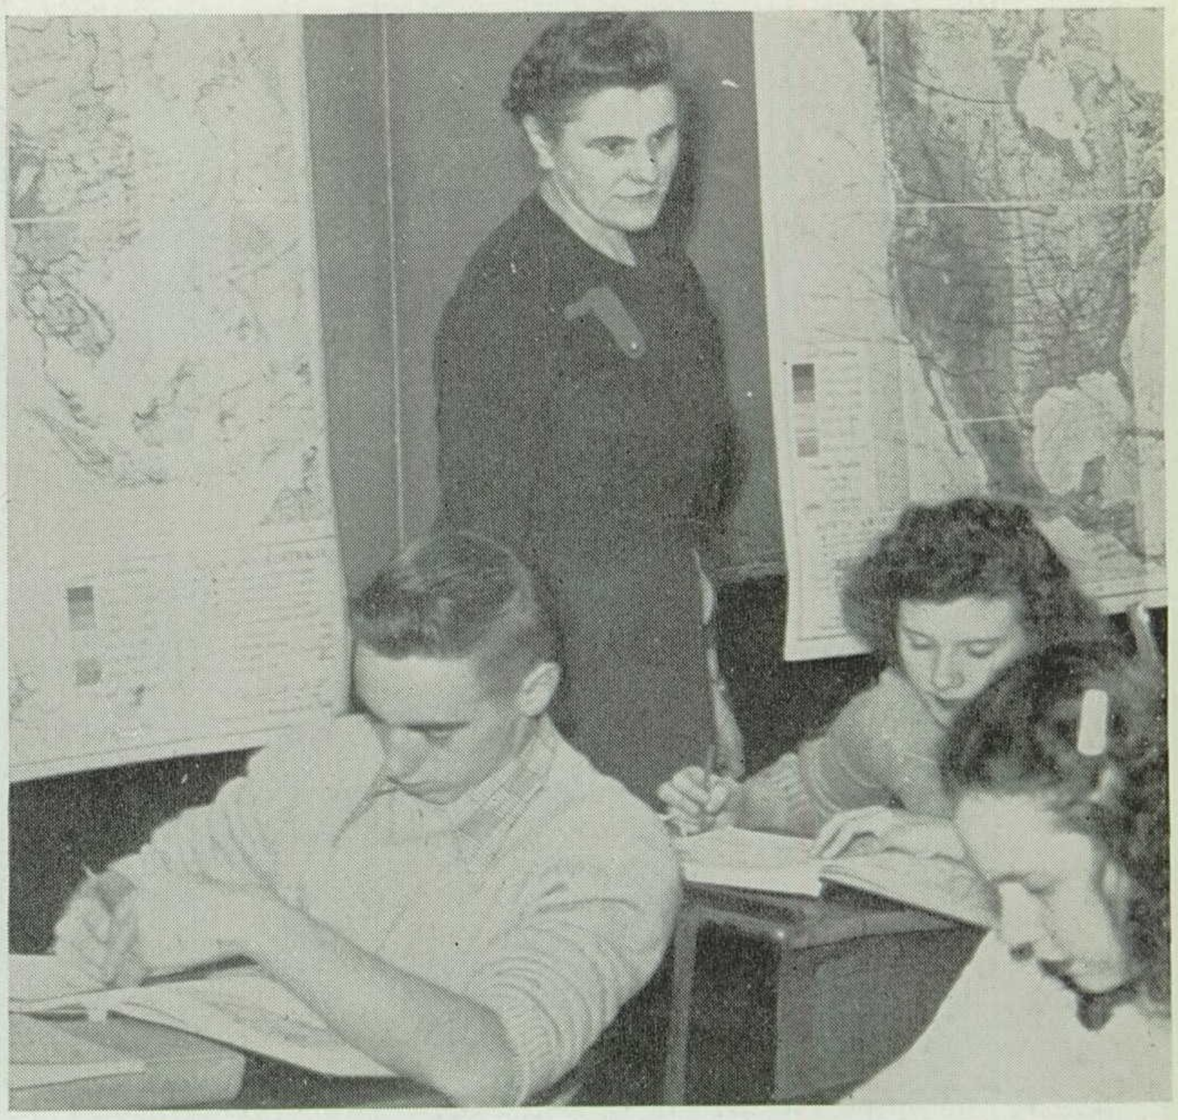

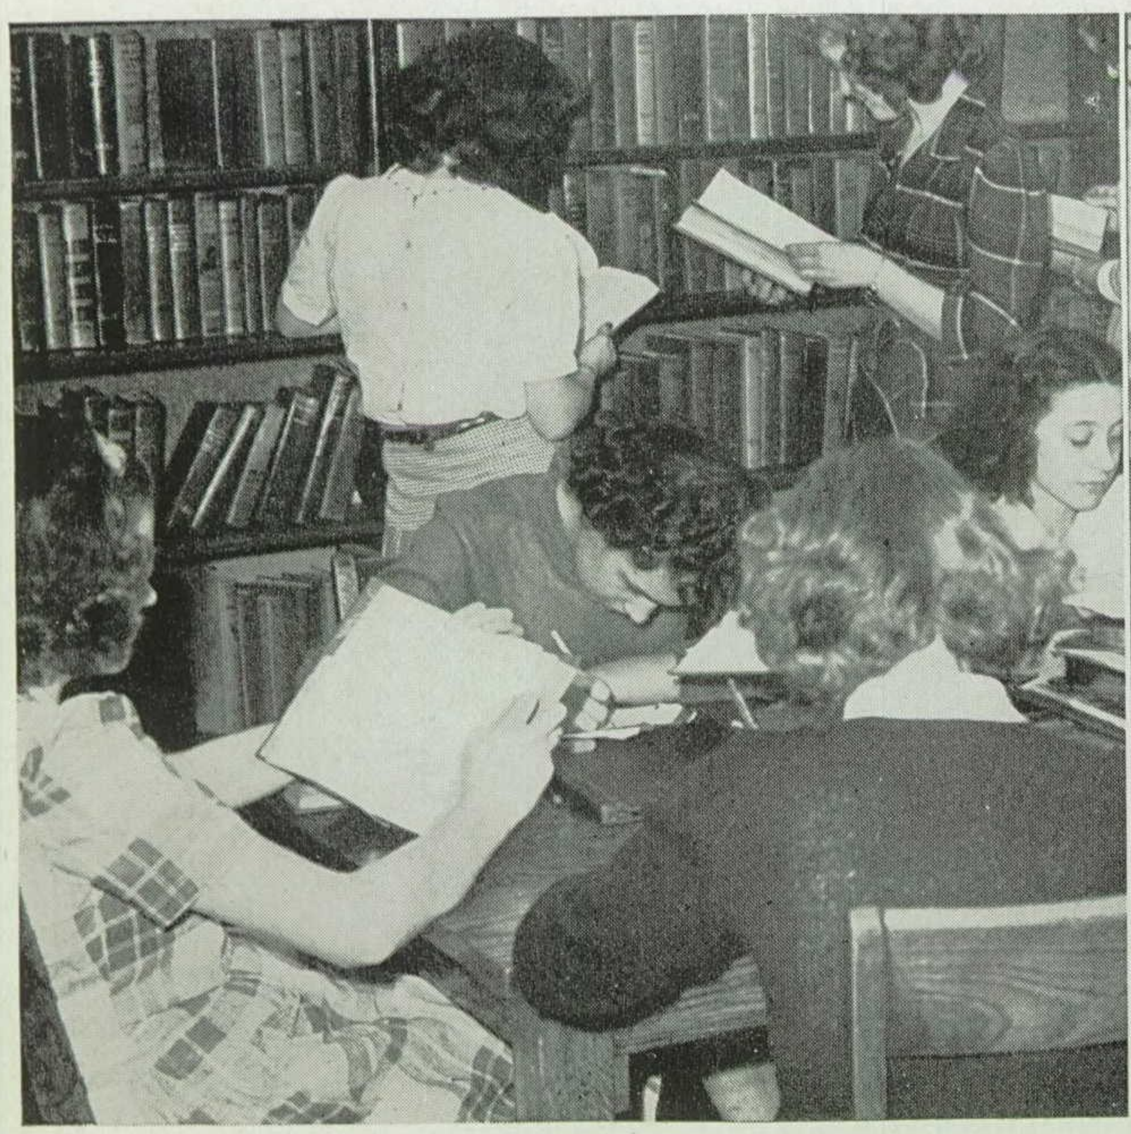

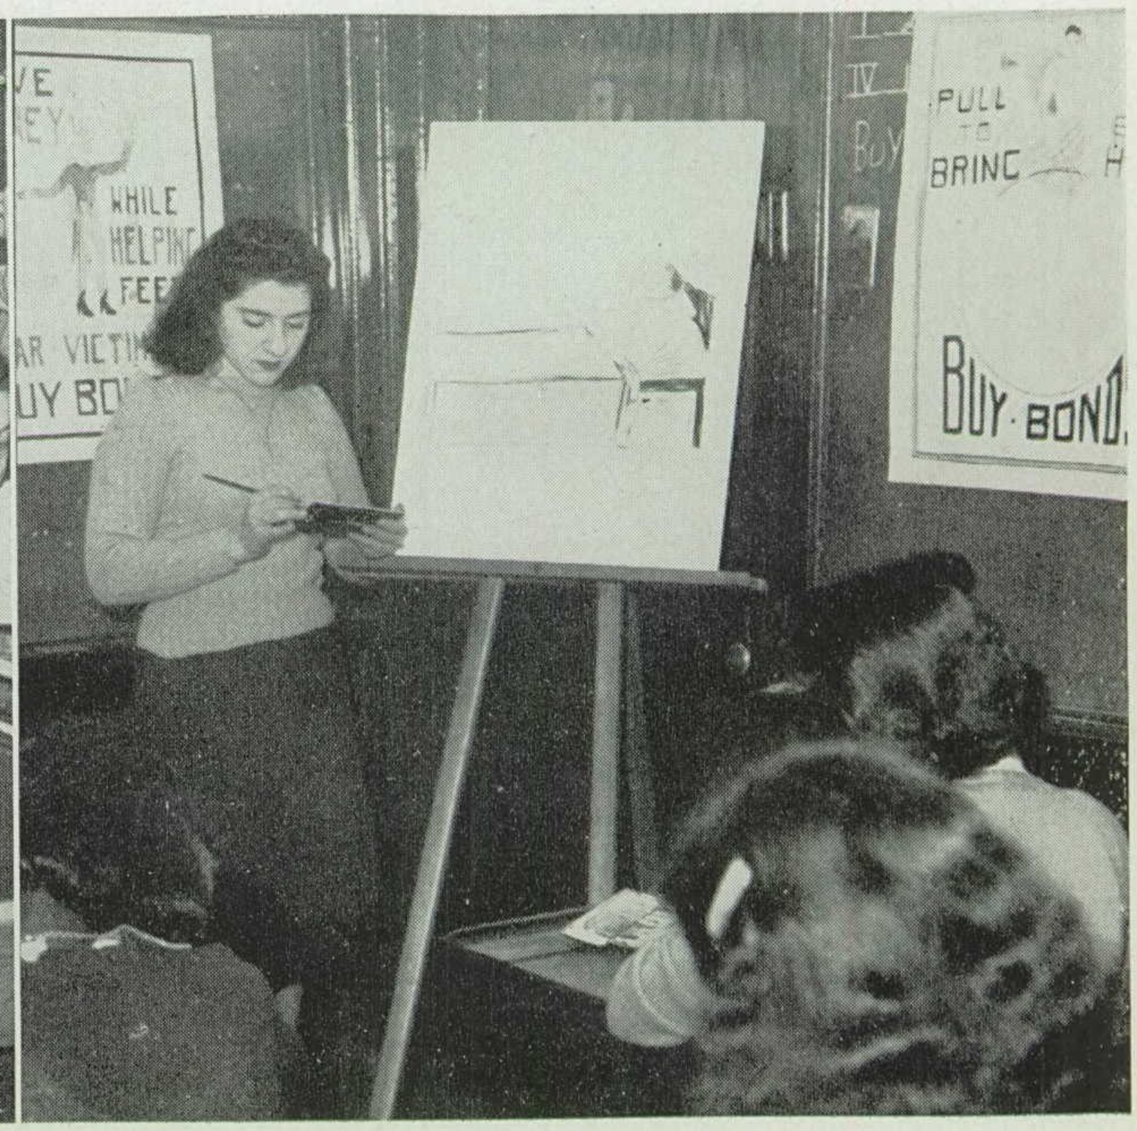

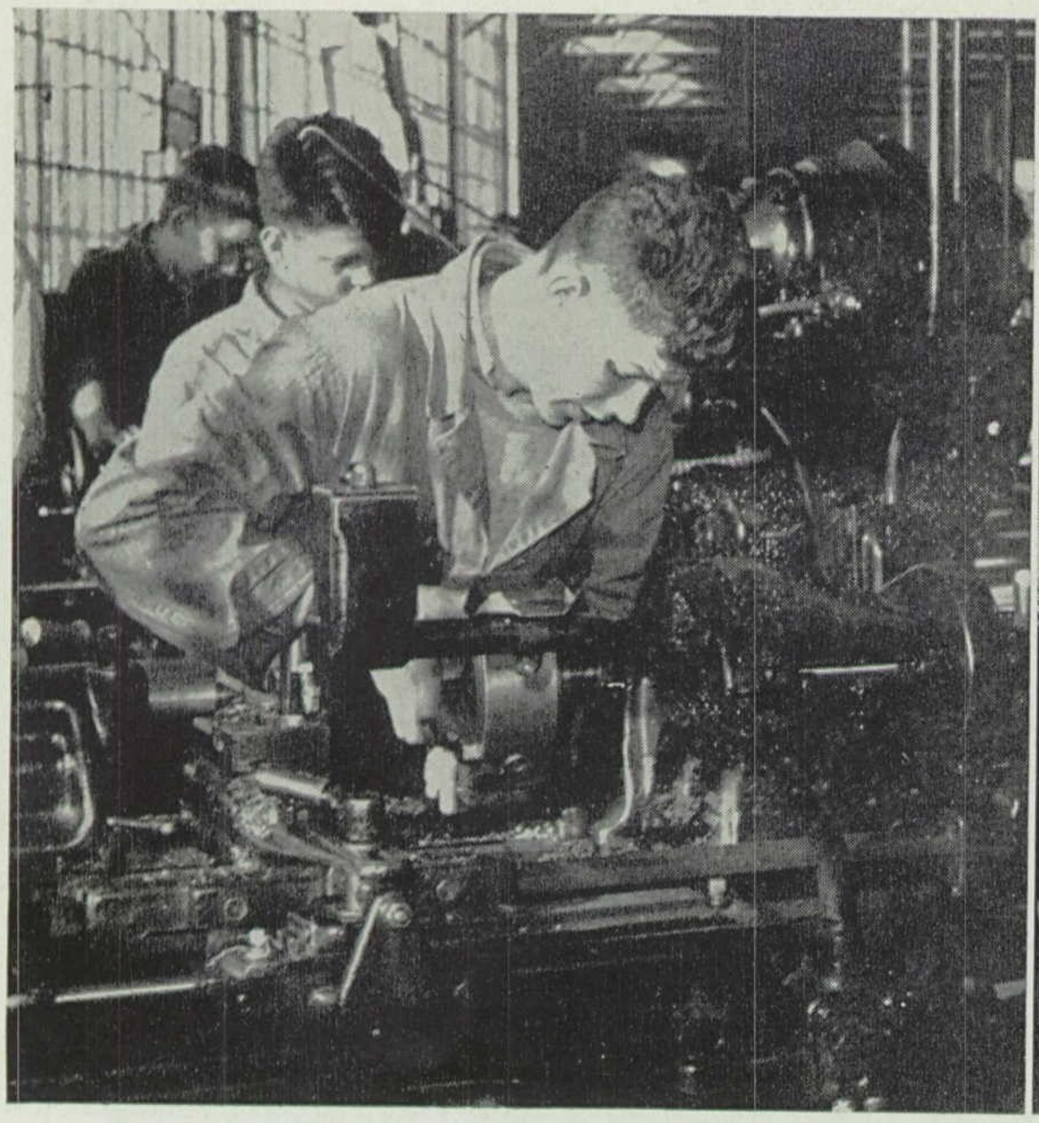

"I believe in the inspiration that comes from contact

Each of us has been inspired by some part of his school life. There are those who, finding their individual "land of enchantment" in science or mathematics, plan to go further in those fields. Music and drama imbue others with vigor and enthusiasm. The beauties of literature and art have definitely cast a potent spell upon some students. Ken Hi has given those who found the certain something in which he excels a chance to present it. Ken Hi students have learned that the library is a storehouse of journeys and adventures, friends and foes. For the price of only one library permit, one can be immediately transported from a dull, humdrum school routine to the scenes of Sherwood Forest or King Arthur's Court.

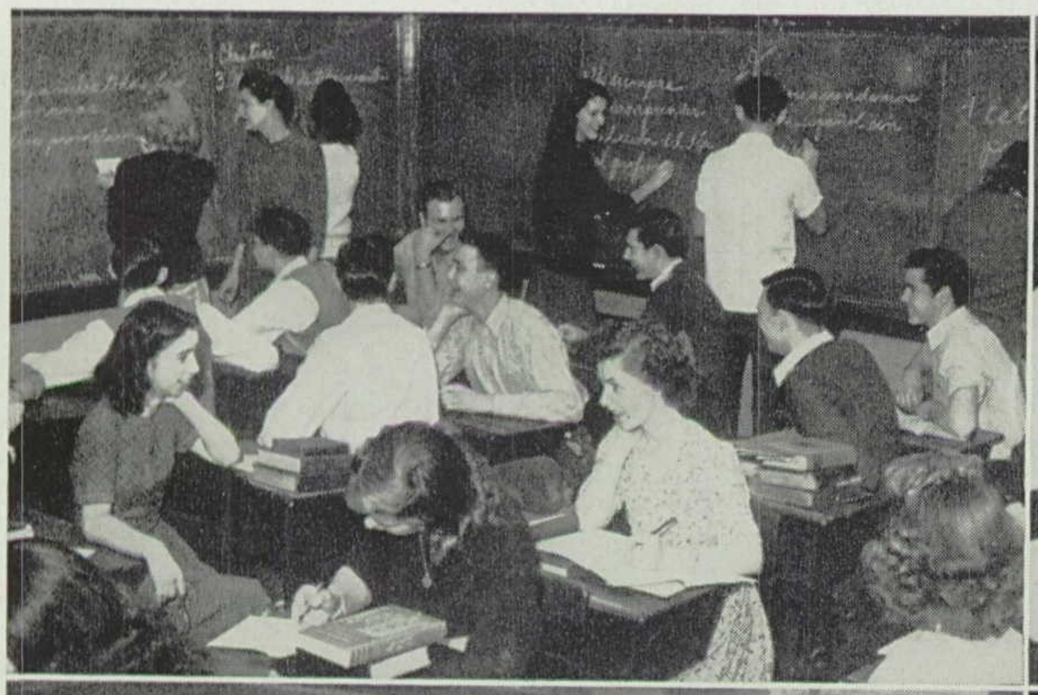

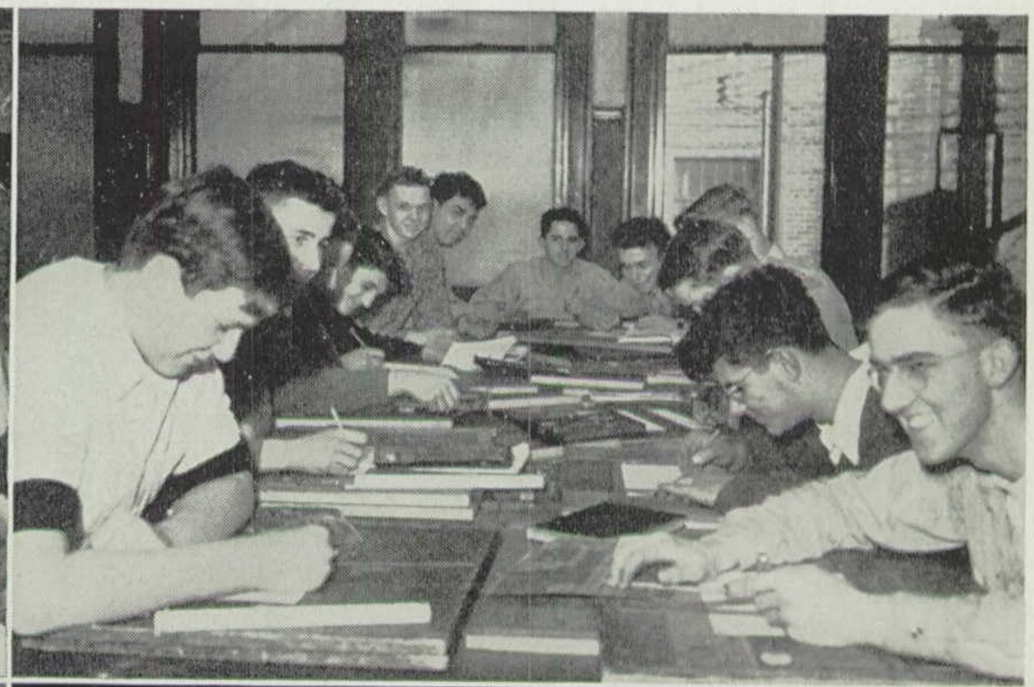

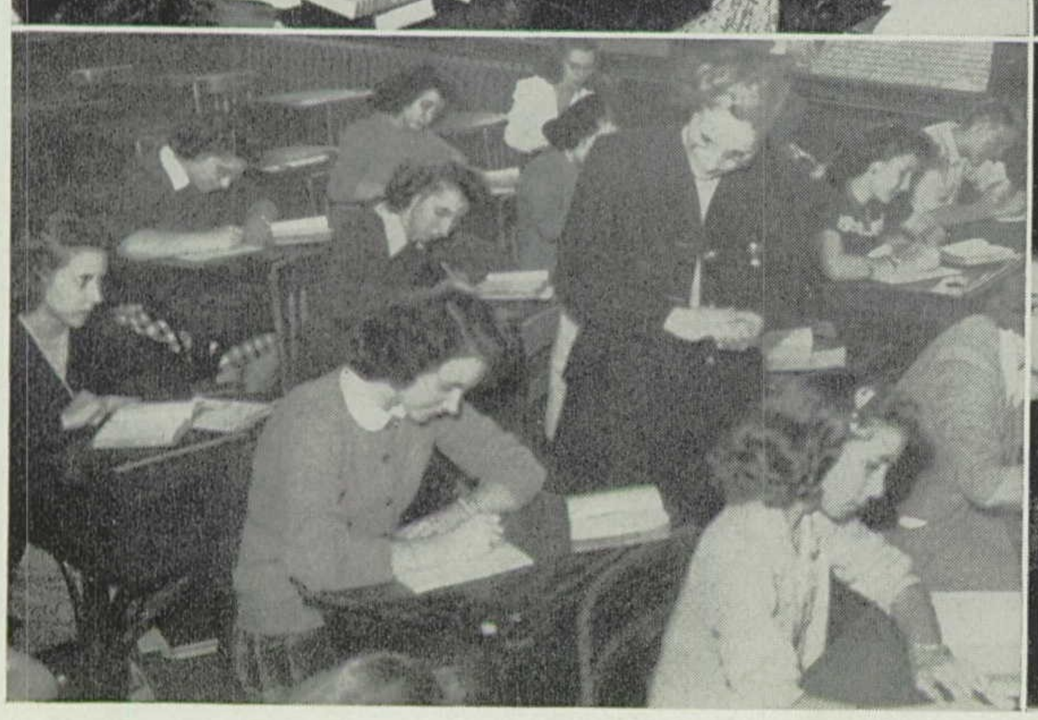

with all that is truest and best in people and in life."

The Board of Education

The class of 1946 of New Kensington High School wishes to acknowledge a debt of gratitude to the Board of Education. All too often the services of this group go unrecognized and unappreciated by many of those whom they serve. We, who have attended New Kensington schools for 12 years, realize how much we owe to the citizens of New Kensington and to these men in particular who are the elected representatives of the voters. Realizing the importance of education in solving the perplexing problems of our post-war world, they plan for our schools comprehensive programs designed to provide opportunities for boys and girls to become the best possible citizens of tomorrow.

Not only do members attend regular school board meetings, but they assure us of their interest by their presence at games, plays, assemblies, and banquets.

Members of the group include Mr. Charles Vaughan Jr., president; Mr. H. V. Churchill, vice-president; Mr. Howard Stewart, treasurer; Mr. E. H. Blackburn, Mr. A. F. Daughenbaugh, Mr. Cecil V. Fisher, and Mr. H. L. Wolf. Miss Veronica Mazur is secretary of the board and Mr. F. W. McKean, solicitor. Dr. E. T. Chapman is superintendent of all schools in New Kensington School District.

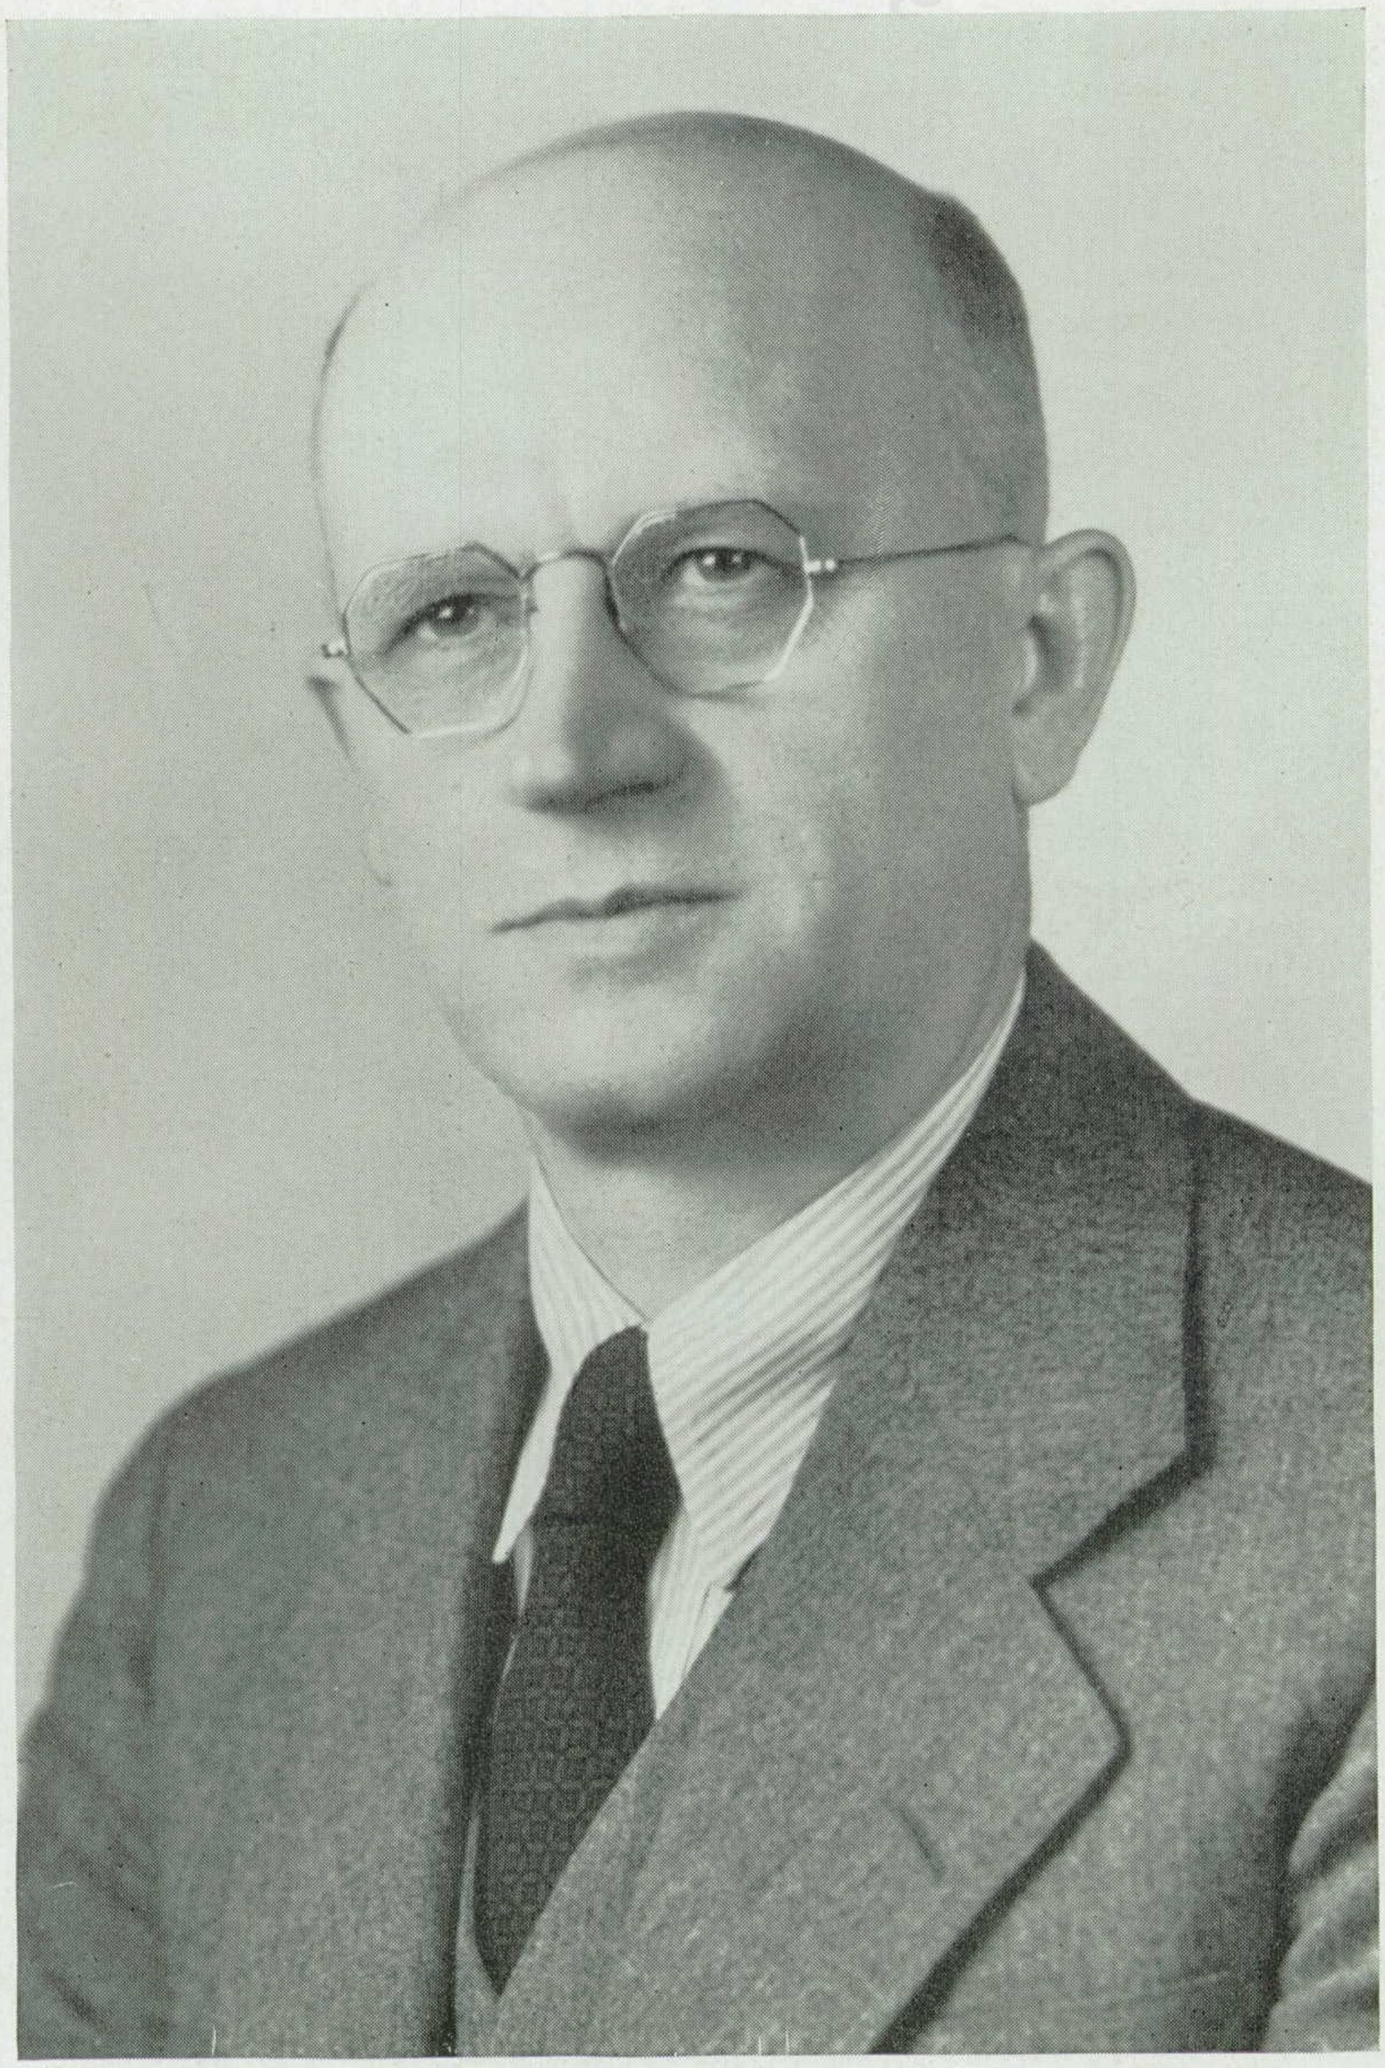

Dr. E. T. Chapman

Superintendent of Schools

We have won the war overwhelmingly. It was total war and was won by the gallantry of our brave men in the armed services sustained and encouraged by our united effort at home.

Now, we are engaged in seeking a just and lasting peace. It is even more important that we make this a total effort. Peace must be waged. It requires our individual and united effort. Lasting peace must be based on justice and fairness to ourselves and to all peoples.

E. T. CHAPMAN
Superintendent of Schools.

Mr. H. B. Weaver

Principal of the High School

Victory has come and Ken High is going forward in this same spirit. During the war boys left school in their senior year to enter service. Now the boys are coming back home, laying aside their uniforms, and re-entering high school to complete their high school education. Young men in service have been writing home to their friends and telling them the value and benefits of a high school education to the boy in service. All this has created a greater interest in a high school education than in any previous year. Peace has come and I'm sure that the members of this class of 1946 realize they are fortunate and that this year is a good time for them to get placed in a good job. I hope you will continue your training and education so that you may have much happiness in the days to come.

Senior Class of 1946

We were bewildered in 1942, bewildered because we were in a new environment, high school. No longer were we members of a numbered grade but now we had a class name—we were freshmen. For some, being a freshman meant a new building, new teachers. For all it meant a new idea of school, choosing our courses and being treated like young men and women. The bewilderment finally wore off, however, and we were just getting used to Ken High when our sophomore year arrived. With it came a horde of new faces, for Parnassus sophomores were joining us. At first the old feuds arose but most of them disappeared by the time our basketball team was in the W. P. I. A. L. playoffs at Pitt Stadium. Those games were still being talked about in September when we rose to the status of juniors. Stewart School juniors joined us and our junior year started with a bang when Vocational School won three of the class offices. Everything ran smoothly and soon candy bars were luring money into the class treasury. We spent that money on the most spectacular social event of our career, the Prom. It will be a long time before any of us forget the garden-like decorations in the gym. The summer of the prom was filled with momentous events but it was in September that we got a shock. We were seniors. It seemed incredible that only nine more months of Ken-High remained. Slowly, what being a senior meant dawned on us. We struggled through the traditional maze of pictures, name cards, rings, announcements, speakers and tests. The football season flew past and basketball seemed barely started when we saw our pals turn actor in "Junior Miss." The madhouse of Class Day and the exclusiveness of the Senior Private pounded by and before we knew it the day had come—the last day, Taleoken day, Prom day in all its glory. With graduation a mere two weeks ahead we realized what those four years had meant to us. We realized, too, that we would never forget them.

Francis Glenn Wilhelm

The Seniors of 1946 are happy to welcome into the class a number of returned servicemen who were unable to complete their high school courses before the war called them to serve their country. They have added much of interest to their classes from their experiences and have set an example of earnestness and sincerity for others to follow.

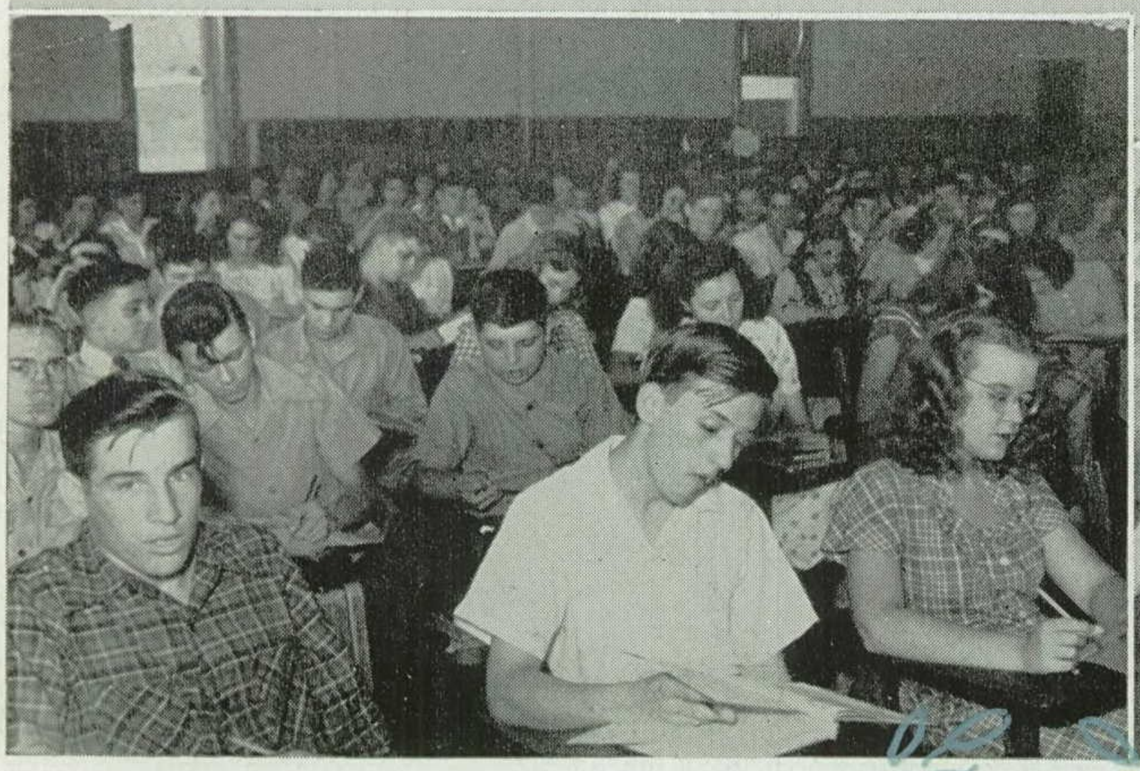

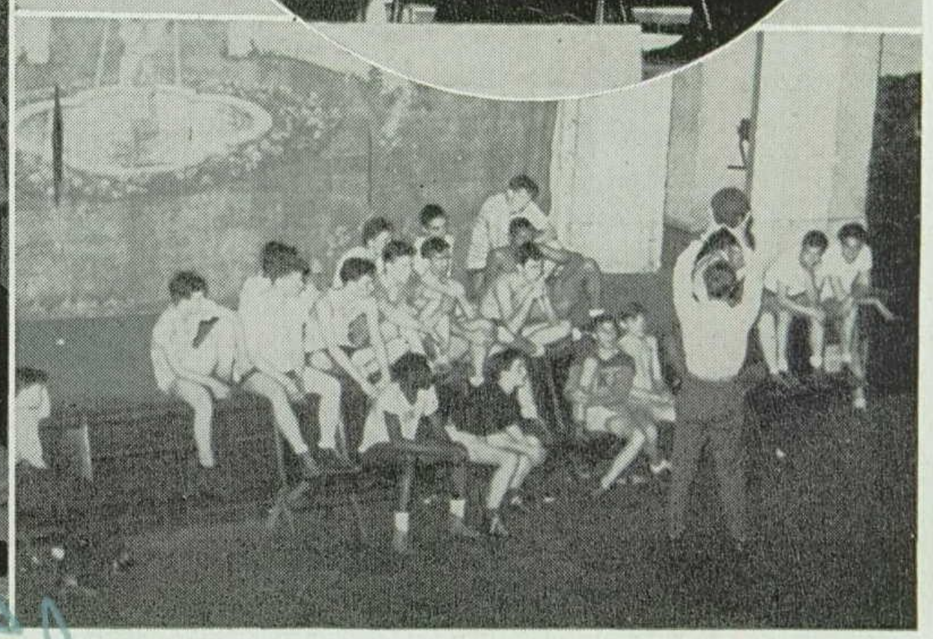

Once again the Hi-Y boys don their Sunday best.

Meet Mr. Burnett—an excellent teacher and a capable financier.

George Factor makes use of time in 401. What could account for such a face!

Mr. Keiser has trouble posing the Taleoken Staff.

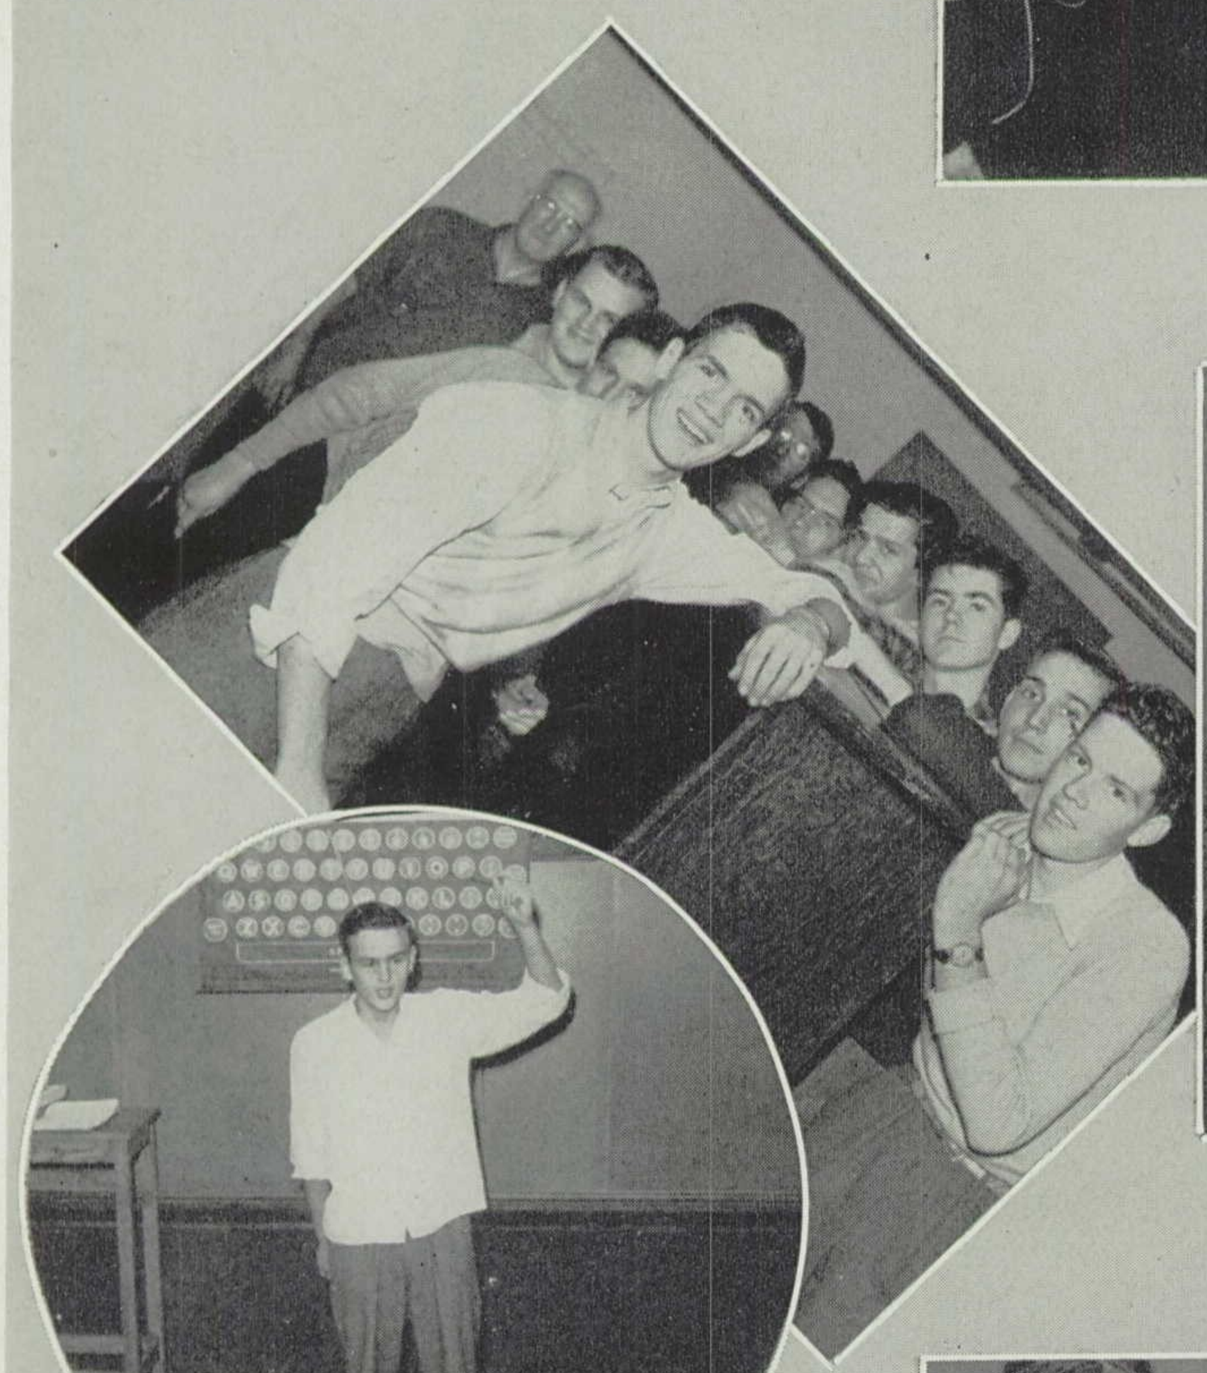

Mrs. Winger, C. Moses, Miss Stuchell, E. Marino, and M. A. Hrabczuk put the final touches on the table for a faculty tea.

Did he finally propose, Irene?

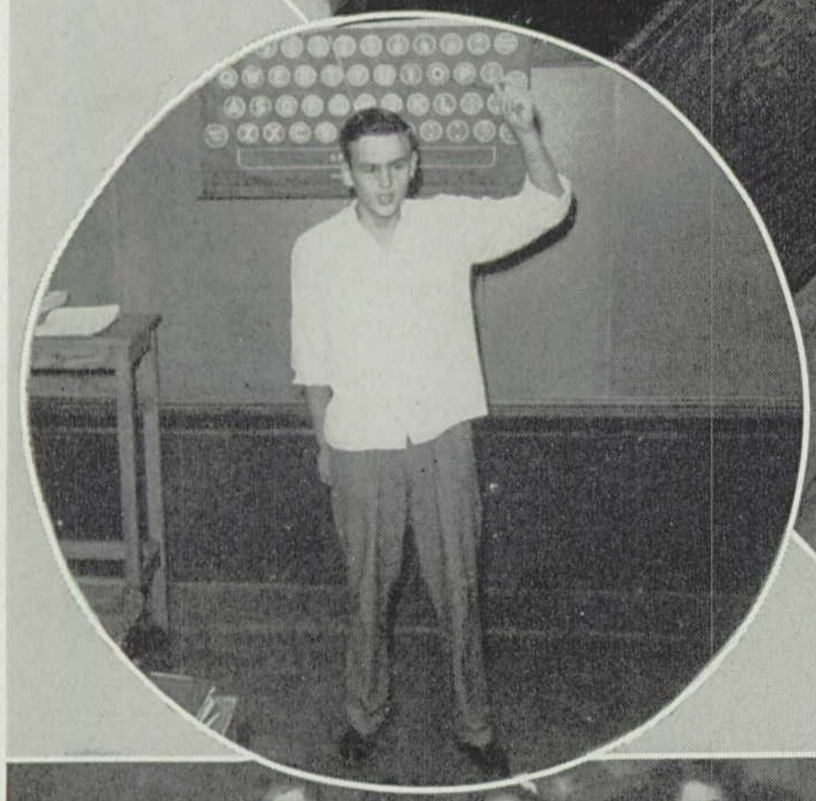

Mr. Gibson introduces his method of basketball playing.

The clean-up squad of the Harvest Ball takes time out for a rest. Hard work, but well worth it.

Ken Hi's super-movers, Marcell appears enthusiastic, but Herb is tired.

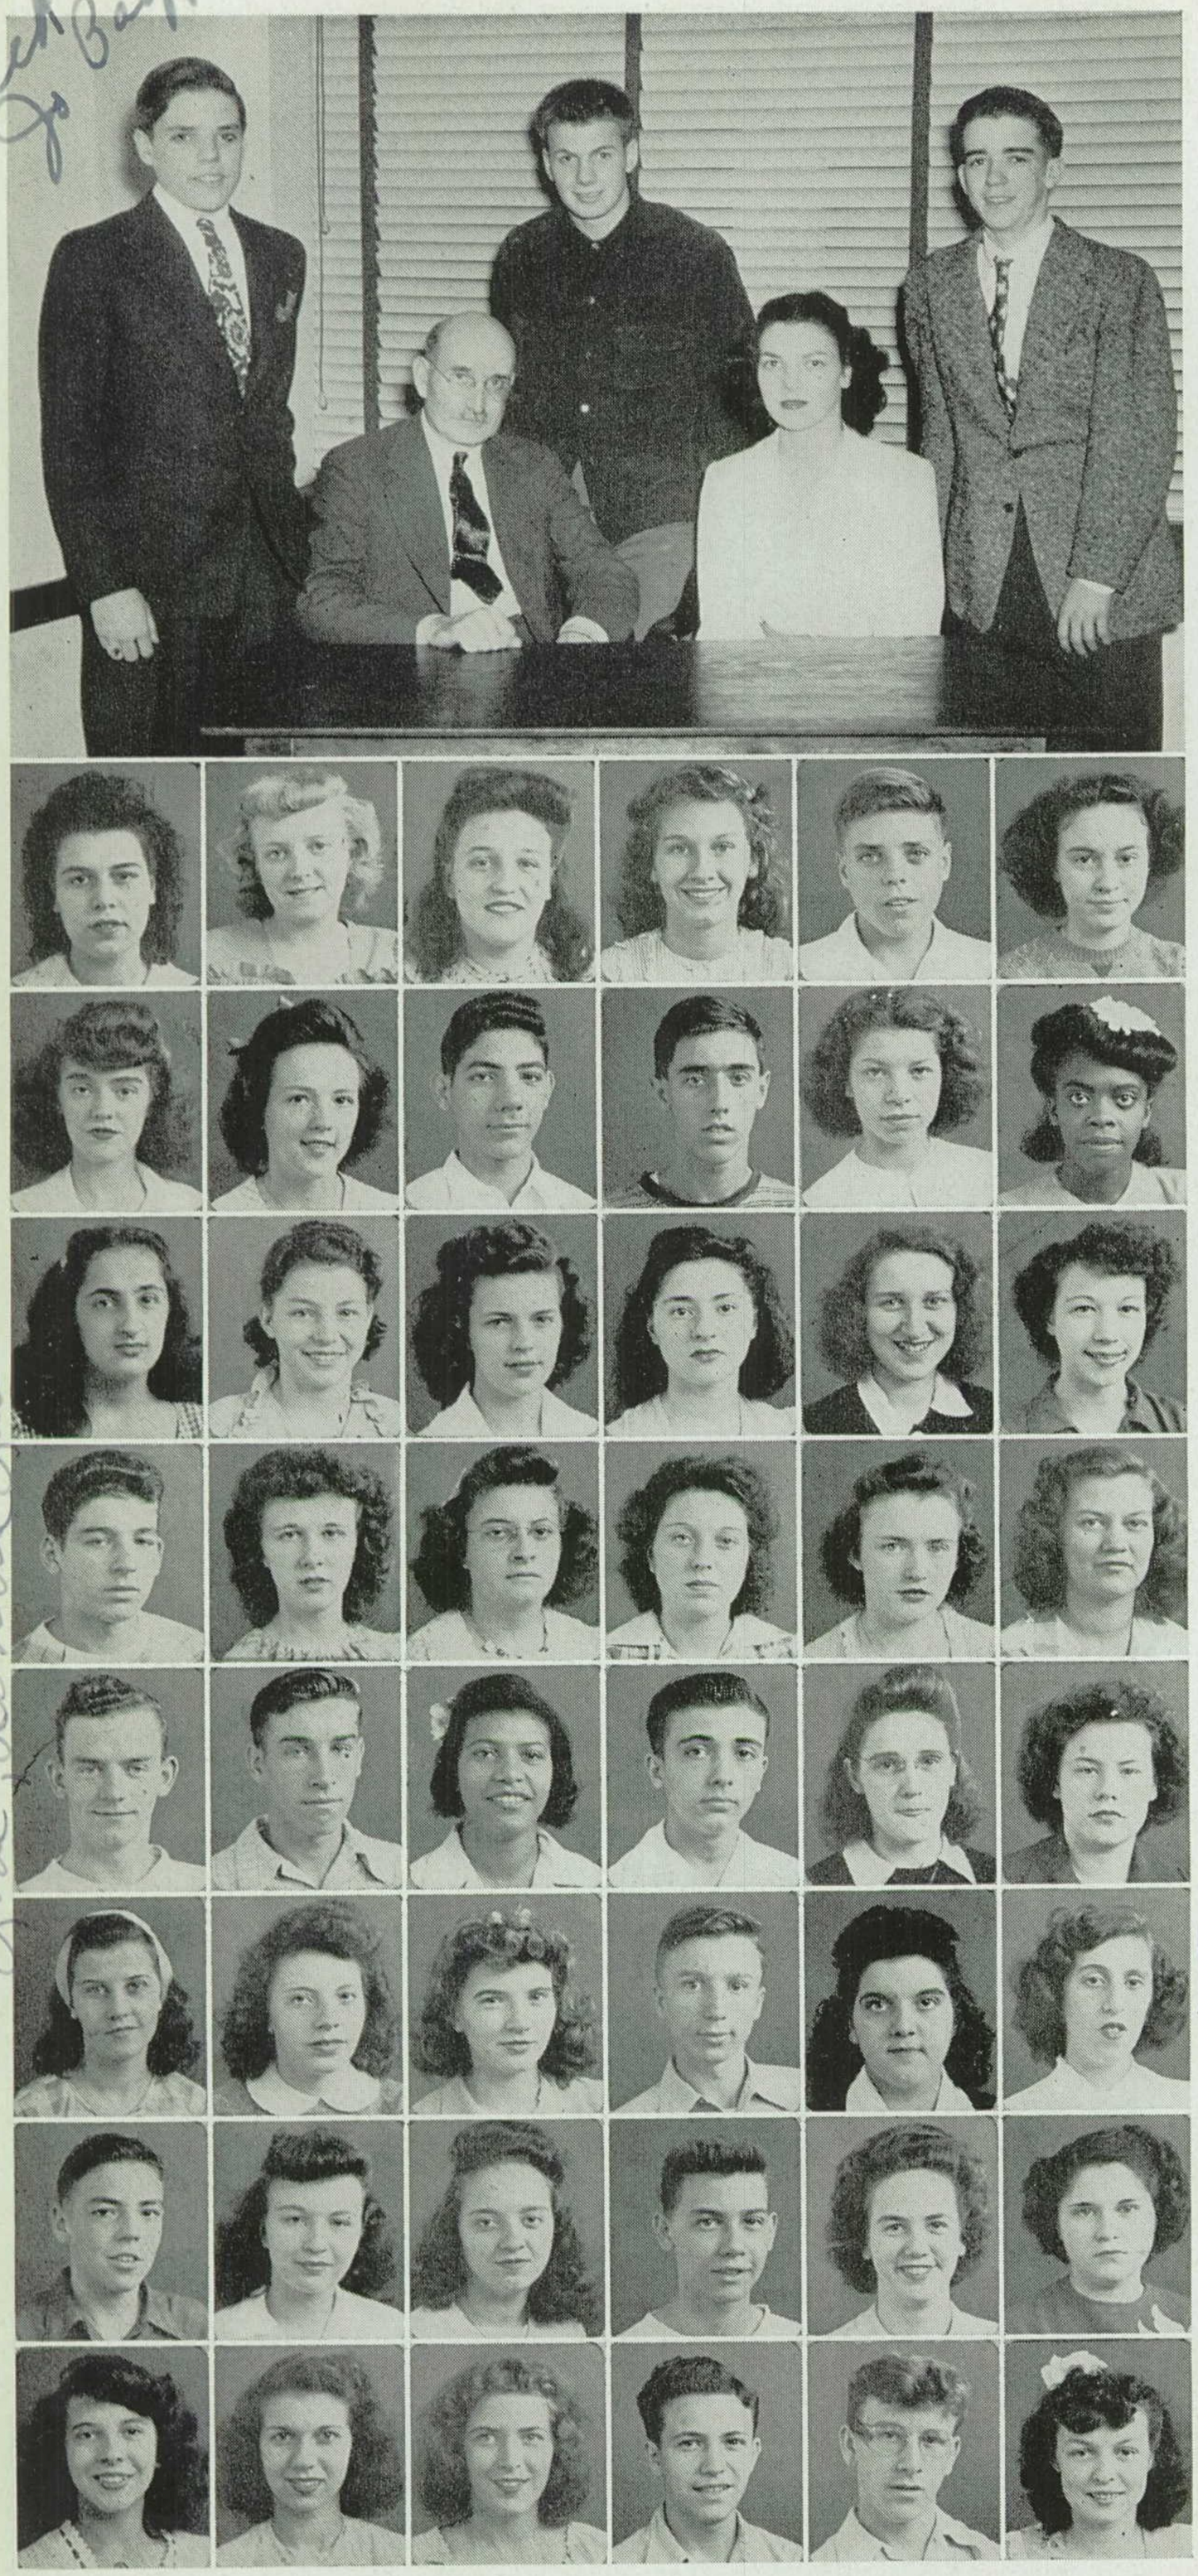

Cicero has nothing on Smith!

The line forms on the right for the little pictures.

Miss Gosetti seems well pleased with the Victory Club posters.

Mr. Glock and Mr. Vorlage are lining up something important, judging by their serious expressions.

Don't be such an eager beaver George, Barbara, June, Delores, Marilyn, and Irene won't let the photographer skip you.

THE BOYS' LEADERS CLUB

This new club, organized February 16, 1945, has much the same purpose as the Girls' Leaders Club. The main purpose of this organization is to promote general leadership and good sportsmanship throughout the school. These boys assist the instructors in the department of physical education. The club is sponsored by Mr. Carl Glock.

THE DRAMATIC CLUB

Entertainment is the theme of the members of the Dramatic Club. They opened a year of activity by presenting **Feathers in a Gale,** their first period play. At informal evening meetings, held at the homes of club members, students enacted smaller plays. On February 15, the entire club attended the Nixon Theater to see **The Late George Apley.** These thespians are recognized by their pins.

THE GIRLS' LEADERS CLUB

Vim, vigor, and vitality aptly describe the members of the Leaders Club, capably sponsored by Miss Rosemarie Pascaretta. One of the busiest organizations in Ken Hi, its members, after enduring the trials of an informal initiation, are entitled to assist in the management of gym classes. Here the rules of fair play are observed and practiced daily by each girl.

THE DISTRIBUTIVE EDUCATION

The newest club in Ken Hi this year is the Distributive Education Club. The students are not only going from school into the business world, but are doing it now. The D. E.'s study during the morning is under the supervision of Mr. Owens, then they work at the downtown stores in the afternoon. The biggest feature is that not only are they earning while they're learning, but they are earning high school credits as well.

THE COMMERCIAL CLUB

The Commercial Club is one of the many beneficial organizations in Ken Hi. The members are senior commercial students chosen by the commercial faculty and sponsored by Mr. Keiser. This club holds two meetings each month, one a social meeting and the other a business meeting. The active club had a tea dance, a pretzel day, and a radio program this year.

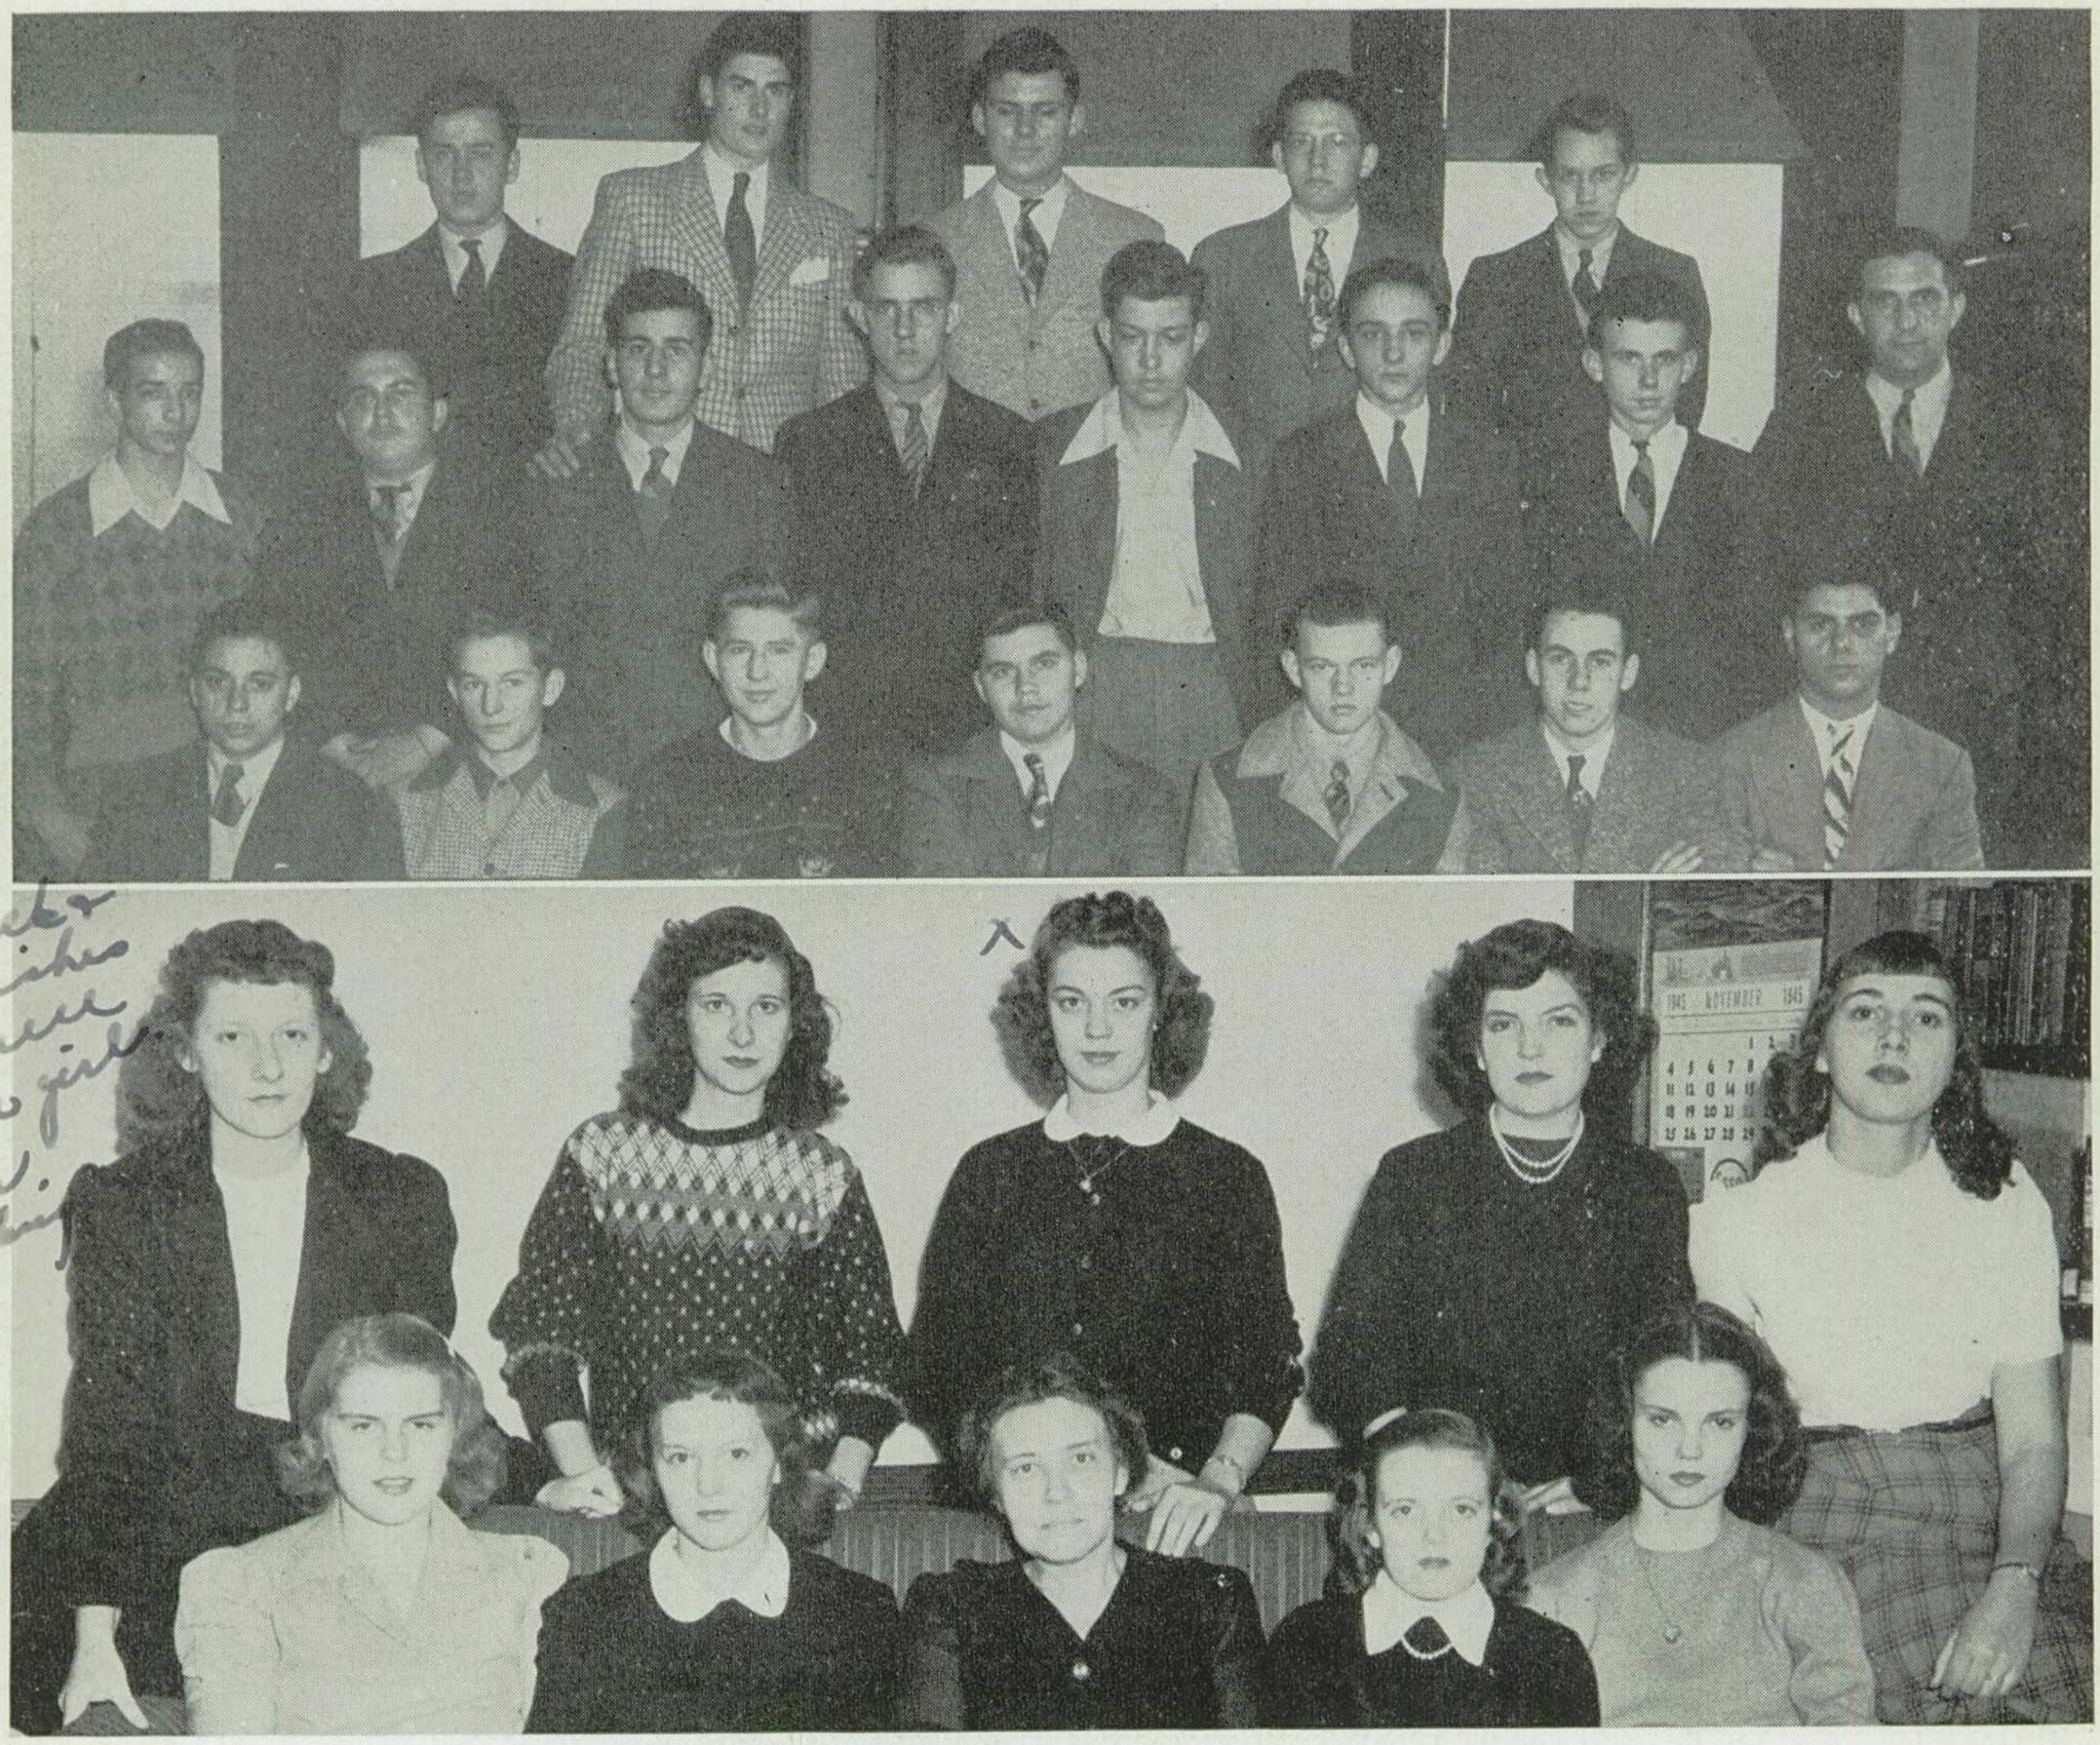

THE CHOIR

Let us sing together and there shall be harmony of voice and harmony of spirit. We of Ken Hi are proud of our choir, composed of one hundred mixed voices. The choir is a hard-working organization, whose effort is rewarded by excellent performance of the finest type of choral literature ranging from the highly imaginative and artistic chorales of Bach, to the best work of the contemporary composers. The fine work of the choir is a tribute to the musicianship and capable direction of Miss Emogene Whitacre. This popular group is busy with numerous programs throughout the years, climaxed by the spring concert.

THE BAND

Our band deserves a rousing cheer from us all. It is one of the most important organizations of our school, leading us in school spirit at the athletic events of fall and winter. This group of instrumentalists must be praised further for their versatility in the performance of concert music for band in addition to the strongly accented marches. Rehearsals started this year under the baton of Miss Whitacre but Mr. Oliver, on his return from the Army, again resumed his former position as conductor. The band is a tribute to Mr. Oliver's proficiency as a fine director of instrumental music.

THE VOCATIONAL HI-Y

The members of this organization under Mr. Frazier's guiding hand, have done their best to arouse interest in the students to promote clean speech, clean living, and clean sports in the school and in everyday life. Dances have been held, and the club attended a Hi-Y rally which was held at Indiana, Pa. At Christmas time, the members decorated a Christmas tree for the hall.

THE ATTENDANCE STAFF

Although this group is not an organized club, it is very valuable to the school. These girls give up their study halls to work in Miss Boucher's office. The girls keep an accurate record of the students who are absent from school and those who are tardy. Through this competent staff we are able to keep up our excellent attendance system.

THE VICTORY CLUB

Although it is not a permanent organization, the Victory Club has been very active at Ken Hi during the war years. Under the direction of Miss Mathison and Miss Gosetti, students purchased over $30,000 worth of stamps and bonds through the Club in 1945-46. These sales were directed toward the securing of a weasel and two grasshopper planes. With the end of the war, the Victory Club has not discontinued its good work but has directed its stamp sales toward the purchasing of hospital equipment.

THE COLLEGE CLUB

The College Club is organized for seniors who expect to go on to college. Under the supervision of Mr. Weaver and the Guidance Office staff—Miss Eiges, Mrs. Higgs and Mr. Mooney—the students are counseled in their selection of a college and courses to study. Tests are given to determine which students will later compete for the different scholarships available. During the year, various college representatives speak before the club. Highlighting this year's events was the very successful Career Conference Night.

THE MONITORS

One of the most active clubs in the school is the Monitors, sponsored by Mr. Mooney. It is these boys who supervise traffic in the halls, and help to keep confusion down to a minimum during the changing of classes. They also assist the students during fire drills and conduct the section rooms to their places when assemblies are held. A monitor is on duty every period to act as a messenger.

THE KENTONIAN

"Our school exactly as it goes," is the motto of the Kentonian, Ken Hi's newspaper, and the hard-working journalism students, who publish it. With the help of classroom reporters and their sponsor, Miss Russell, the staff of editors, feature writers, and artists endeavor to report and write up all happenings in the field of sports and social and academic events of Ken Hi.

Operating the public address system and other stage-hand duties are also part of the work of this group. The Assembly Staff is a non-social organization, headed by Mr. Jefferson.

THE HI-Y

This boys' club, which stands out among the clubs of Ken Hi, is very closely affiliated with the Y.M.C.A. Sponsored by Mr. Batiste, it sends representatives to conventions, sponsors dances, and has a very good basketball team. Any senior boy is eligible to join in September or early spring. The initiation of these new members is the highlight of the year.

The four qualities necessary for one to be elected into this club are character, scholarship, leadership, and service. The purpose of this society is to encourage those qualities in every student in the school. The sponsor is Miss Walker, and the treasurer, Miss Hawk. First semester officers were John Zahradnik, president; Ray Lessig, vice-president; and Betty Jean Connor, secretary. The second semester Ray Lessig served as president; Betty Jadot, vice-president; and Jean McIntire, secretary.

Coaches

Mr. Fletcher, head football coach, who has just completed eight years at the controls of the Red and Black grid machine, finished a very successful season in 1945. Coach Gibson was less fortunate from a numerical point of view because he was working with a group of inexperienced boys, but he turned in a fine job in his first year as basketball coach here at Ken Hi. The prospects for next year are very promising. Mr. Slosky also coaches football and basketball. Mr. Jefferson is in charge of equipment. Mr. Glock is athletic director and supervises the entire athletic program. In addition, Mr. McCandless coaches junior high basketball and Mr. Dunn, baseball.

Football Team

The 1945 gridiron squad deserves enthusiastic praise for the impressive record they established this season. They won all the games on their W. P. I. A. L. schedule. The Kensters were classed as the underdogs in the majority of their games, but they possessed that certain fight that enables a team to be in the winning column. Having defeated their scheduled W. P. I. A. L. class AA opponents, they earned the right to play the contending Donora eleven for the championship. The Kenmen met defeat in this tilt on a rain soaked field at St. Vincent's College. Harry Tamburo scored our only touchdown. Joe Veltri played outstanding football all season, along with Harry Novaleski and Tony Kotowski. Ray Newman was a pillar of strength in the Red and Black line. The whole squad won acclaim for their playing not only locally but throughout the valley.

A tense moment during the Shadyside game.

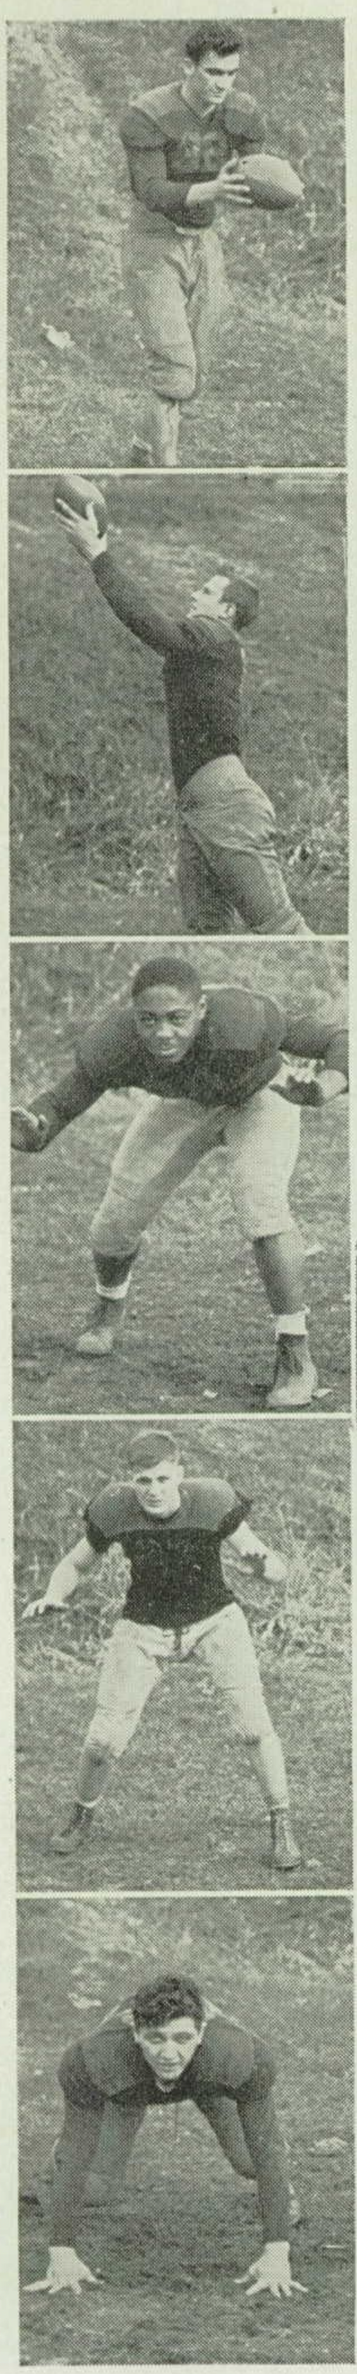

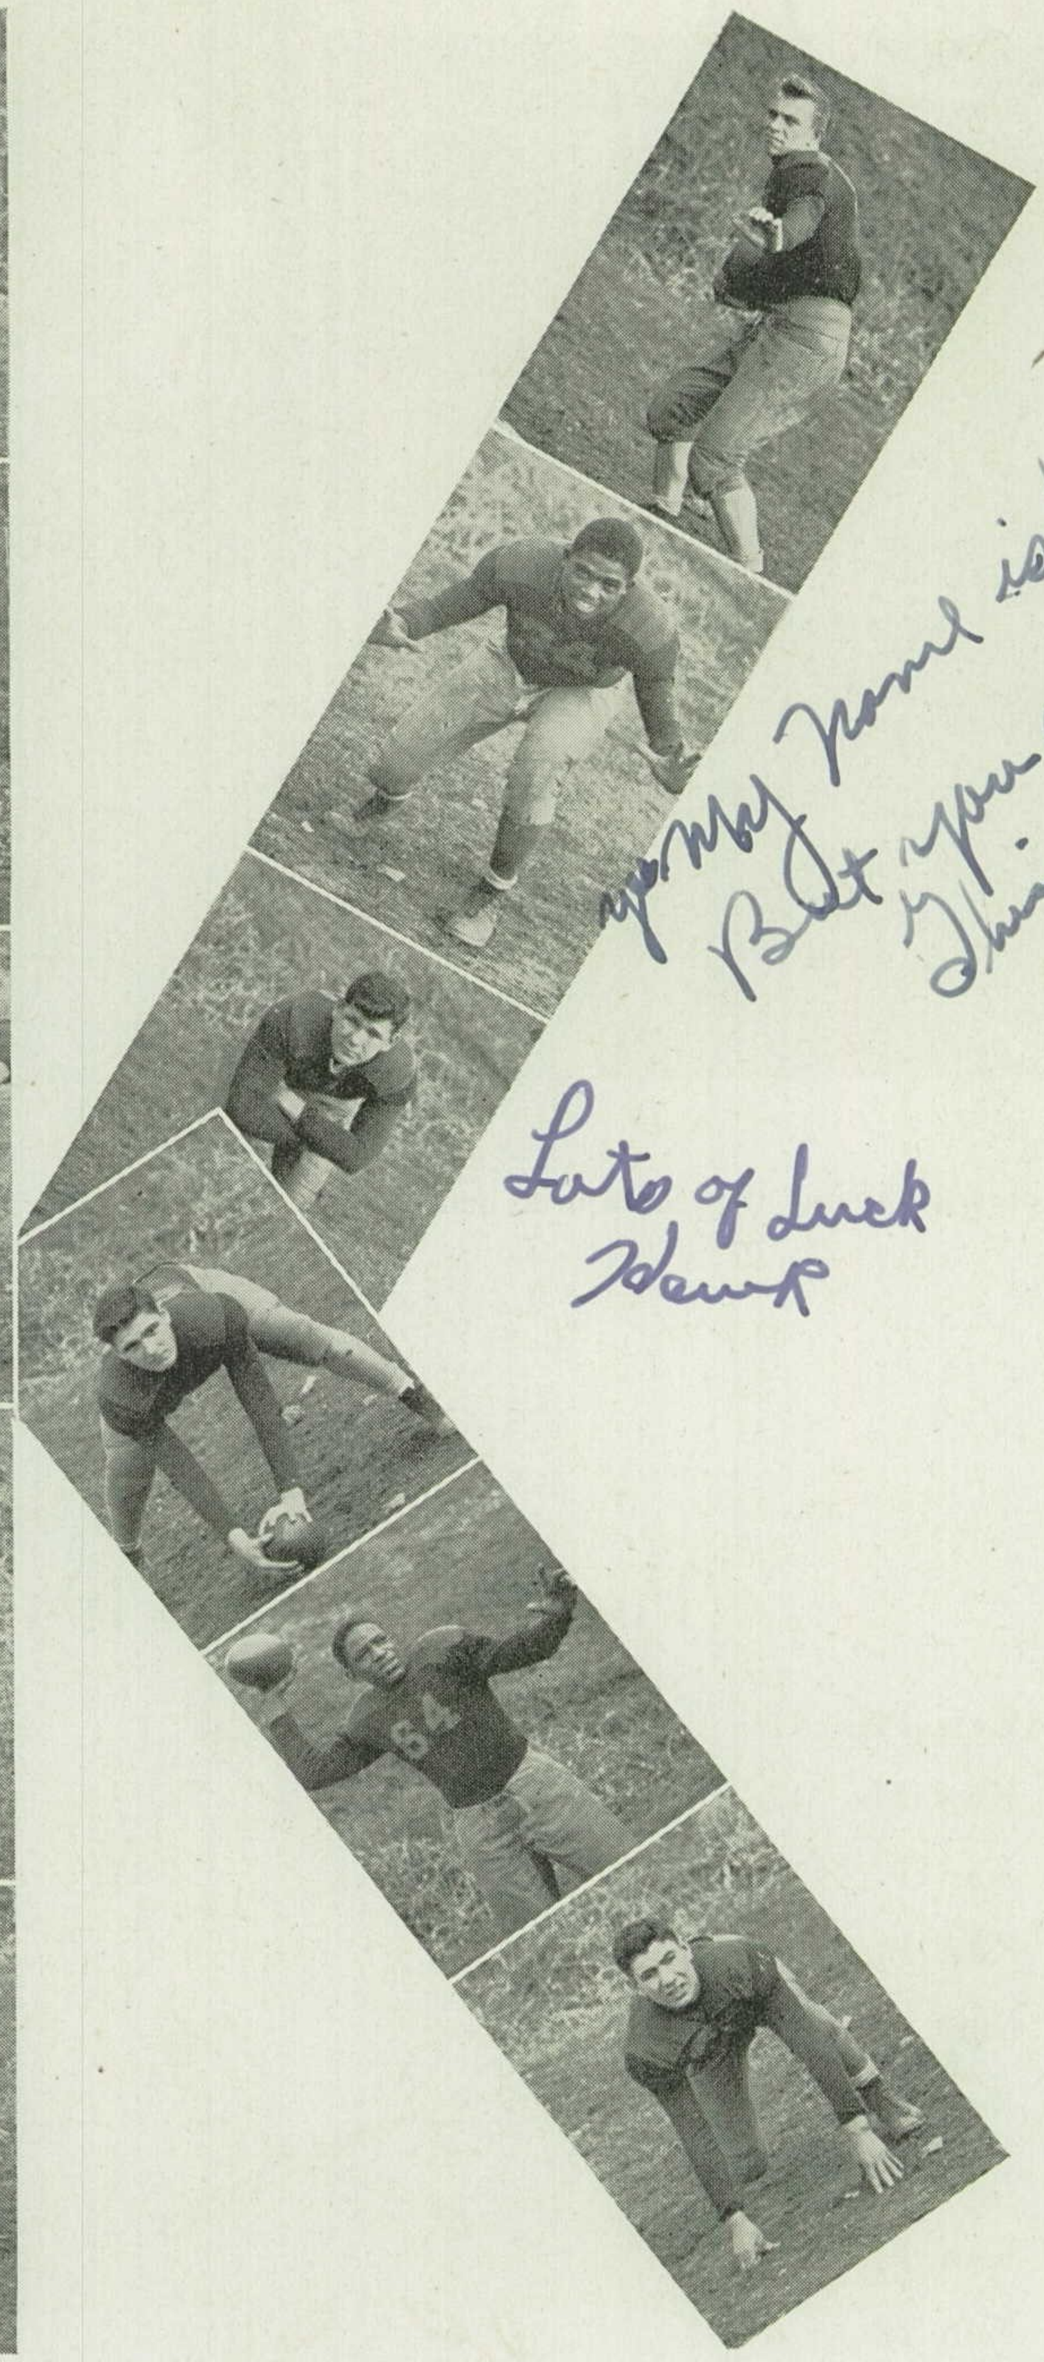

One of many thrilling scenes at the Redstone game.

Basketball

Starting the season without a single letterman from the previous year, Coach Gibson developed a team that went through the schedule with as successful a record as could be expected under the conditions. The young, inexperienced squad and the changing of systems were factors to be considered. This year's training will definitely show results next year as most of the squad are undergraduates.

Most of the games were closely contested and the interest and loyalty displayed by the students was indeed gratifying. Ken Hi should be back in its stride in another year.
